## What India or Bharat means?

In olden days there was a son 'Bhrat' of king Dushyant and his wife Shakuntala who was very brave and worthy ruler of a Vast empire. He spent his childhood in the Ashram of Kandav Rishi - whose spiritual effect was very impressive thus dangerous carnivorous animals who became non-violent while living in that area. Thus Lion and cow used to drink water together in the river near Rishi Kandav's Ashram. Bhrat use to play with lion's children, and while he wanted to learn counting, he use to slap the lions mouth and say" open your mouth I want to count your his teeth to learn counting".

When he became young Bhrat conquered all the tropical areas of the world and become the Emperor. The name of his kingdom was 'BHARAT'. His reign had two qualities of administration :

Namely

1. "Bharneti Bharat" which means ,Bharat gives food to every person living in Bharat (Vanparasthy , i.e., socially devoted peoples organization) by giving education to all so that they earn money and create management and system for all people of the society and to give limited wealth in heirship to all children and not unlimited wealth to each child and to give equal monetary opportunities to all in the state system ).
2. He had 9 sons, well behaved but Bhrat found Upmanyu(his body guard), the most worthy capable to be the king more capable than his 9 children. Thus he made Upmanyu king after him, as Bhrat found him more capable than his own children.  
As time went by later on after his death both the qualities which run a kingdom were forgotten. Thus the area of his kingdom got less and less and the shattered Bharat was broken into smaller states and were called by different names.

अल्ला ने तो बक्शी थी, हमें एक ही धरती  
हमने कहीं भारत, कहीं ईरान बनाया  
तू न हिन्दू बनेगा, न मुसलमां बनेगा  
इन्सान की औलाद हैं, इंसान बनेगा।

God has given us a piece of land but  
Somewhere we named it "Bharat" and somewhere "Iran".  
You are not neither Hindu nor Muslim  
You are son of human and you will be named only Insan.

The Greedy intelligentsia with rich people, warriors, and kings together divided Akhand Bharat into different smaller countires and kingdoms by creating borders. Now it became very difficult for a inhabitants to cross the country borders and see other kingdoms and now the things stood something like this :

पंछी दरिया हवा के झोंके,  
सरहद इन्हें न रोके  
सोचे क्या पाया तुमने इंसां होके  
सरहद तुम को रोके।

Birds, River and the air  
Borders cannot stop them.  
Think what you earn after becoming human  
Borders you stop

### Foreign Political Conspiracies :-

The World knows the policy of Britishers “ Divide and Rule “. After winning the second world war in 1945, in the city of Malta in Spain, there was a meeting of winner countries leaders namely , Churchill of U.K. , Roosevelt of America, Stalin from Russia. In this meeting it was decided that the 4 Tropical countries of Asia and Germany be divided into east and west Germany .Asian countries , Israel Vs Palestine , North and South Korea, North and South Vietnam ,India and Pakistan. Then , the leader of North Vietnam, Ho Chin Minh fought a war with South Vietnam and won the South Vietnam and made a United Vietnam. West Germany, first made its economic power and after becoming a powerful economic country ,Germany made friendship with France collected European Countries together and with non-violent revolution and movement and use of diplomacy to invite East Germany and united it to make its country an Integral Germany. Rest of the divided countries, the leaders of Israel, Palestine , North and South Korea and India and Pakistan, due to the lack of understanding, vision and courage could not do any improvement to unite their divided lands .

In the freedom Struggle of India, Mahatma Gandhi, Netaji Subhash Chand Bose, Dr. Bhimrao Ambedkar, Loknayak Jai Prakash Narayana and Dr. Ram Mahohar Lohiya were against the Division of India. In 1970 Lohiya ji has published this matter in his book named – 'Bharat Vibhajan ke Apradhi' (Criminals of Partition Of India) in detail.

### Money is the basis of all Political Conspiracies.

Many centuries before Christ was born ,The Great Politician and Economist Chanakya explained this in his book named 'Arthshastra' (Economics) , 'Rajyam Moolam Artham' meaning that in the base of big Political Incidents, there are economic reasons. Now is the time to honestly write the history truthfully of all political incidents on whose basis lies economical and monetary reasons for India and The whole World. The below is one example:

Queen Victoria of England gave a letter to East India Company in which she gave it Monopoly and said “ "East India Company will work in India just to earn money, company will not interfere the political System and Rule of India “. But the said founder of British Raj namely Lord Robert Clive and Lord Warren Hastings willingly earned large amounts of money by illegal way in India due to greed by political means. When they returned back to England, the parliament filed a case on both of them, in 1776 with legal impeachment and forfeited their earned illegally money with this action, and it had bad effect was on both of them. Lord Clive turned mad and died and Warren Hastings died begging on footpath of London. With his greedy mentality, Lord Dalhousie again made a political mistake and tried to grab the Jhansi Estate. With the result,under the leadership of Bahadurshah Zafar in 1857,the Freedom Struggle to fight Britishers for freedom, the Hindus, Muslims, Sikhs, And Christians came together. In this fight in 1857 East India Company has gave the rule of India to the British Parliament . With hard steps they tried to finish this war. Then with the agenda of economic and monetary exploitation, they planned to divide Hindus and Muslims.

Britishers started another tactic to divide Indians. They called Sir Saiyyad Ahmad Khan and with his mediation, they made Aligarh Muslim University and then with the mediation of Pandit Madan Mohan Malviya they made Banaras Hindu University and then they taught the students the wrong History so that the war between Hindu and Muslims be started and continued . Again in 1905 Bengal has been divided on religious lines.

Then both Hindus and Muslims came together and fought against Britishers in a bold action. In 1940 Pandit Nehru during the press conference of editors and journalist of newspapers and told them that the agriculture lands under Zamindars,Nawabs, And Kings in India will be acquired and will be distributed to all poor landless Farmers.In turn Compensation will be given to All Zamindars,Nawabs And Kings With this news, Muslim Zamindars and Nawabs frightened and thought that their big Zamindari will be come to an end. Then with the advise of Britishers, Muslims, League planned and said that the land of Pakistan will not be disturbed and will remain under Zamindars and Nawabs . That is why all Indian Muslim Zamindars and Nawabs gave financial help to Muslim league in favour of make Pakistan. Today itself Zamindari in Pakistan is fixed, While it was totally abolished and ended in India. Thus it is very much clear that the reason of division of India and Pakistan was Financial ,Monetary, and not religious.

ता उम्र गालिब, मैं भूल करता रहा,  
 धूल तो चेहरे पर थी, मैं आइना साफ करता रहा!!!  
 Great Poet Galib explained it in this way  
 “ for years of age I could not understand,  
 that dust was on my face, but I was cleaning mirror “.

The answer to all Conspiracies is Financial Brotherhood :-

Now the History has been converted as Akhand Bharat Sangam presently wants to unite to divided families of all tropical countries of world, in Hindi Language it is pronounced as AKHAND BHARAT. Now as per the planning of U.K. , European Union and United States of America the Tropical Countries of the world must unite and must include Japan and Israel with them to make a powerful union. With this action all member countries will spent less money on Army and Security and will increase business and trading in the Tropical Countries. The saved money will be spent on the education of poor children, boys and girls .

Thus everyone will get employment. Poverty, Inflation , Unemployment and expenditure will be reduced and there will be peace and prosperity everywhere.

जब फैसला कर ही लिया है, ऊँची उड़ान का!  
 तब फिज़ूल है, नापना कद, आसमान का!!  
 "When it is decided to move high and higher,  
 then no need to compare the height of sky.

The Proposals of Common Minimum Programme of Akhand Bharat Sangam :-

1. The Government will not interfere in land issues , religion issues and business and trade issues. Strict rules will be made saving the mother nature and environment.
2. Akhand Bharat Sangam will carry out peoples movements that to end unemployment, inflation, dearness, and poverty, and present a practical financial law and solution by ordinance of President Of India.

We declare that –

रोजगार दो या भत्ता दो, युवाजनों को सत्ता दो,  
 जो भी हो लाचार (पसमांदा) मासिक भत्ता मिले 6 हजार ।।

Give employment or allowance, given power to who is  
 at lowest level, we must get Rs. 6000 youngsters per month.

3. For the welfare of farmers the following slogan will be declared:

हर खेत को पानी, हर हाथ को काम  
 हर फसल को एम एस पी, किसान आयोग का पहला काम।

Every field will get water, every hand will have work,  
 Every crop will have Minimum Support Price or MSP, first work of farmer commission.

4. True and real Democracy based on divine Capitalism means Election System of Presidential form of democracy will be brought about. To give regard and awards to truthfully speaking citizen, political party and media. They should not be involved in false allegations by those in power. False allegations made by person, Government Official or Organisations be fined heavily and the collected money be spent on true people.
5. Man and woman though are equal but will not compete with each other, because in family, home, and in society they are complementary with each other. Special responsibility for education, health and internal security should be given to women.
6. There must be a practical law to stop intoxication, drugs and alcohol and whatever the money is saved by poor must be deposited in Govt. Bank and buy Gold Bonds for the future of their children males and females. It must be made compulsory for parents to give 1 kg Gold worth of property or wealth to each child male or female in heirship. not more than that. To understand this basic financial situation and philosophy, please see our website that is [www.vyavasthaparivartan.org](http://www.vyavasthaparivartan.org) and read in English 'Natural Philosophy' written by Sansar Chandra. To know more about it please contact the writer Mr. Sansar Chand. i.e. Mob. 8800901448. Whatsapp No. 9311154194.

7. Census calculation be based on Education, employment, business and economic base, and on this development system must go on.
8. England, Scotland, Northern Ireland And Wales made U.K. (United Kingdom) .In the past there were many wars between France and Germany. But with understanding they collected 28 countries of Europe and made a European Union. China increased its size two times. Similarly America collected 50 countries and made a joint United States of America. Now with a understanding ,the Countries of Tropical Areas of the world must make Akhand Bharat i.e. “United States Of Tropical Countries” in which Japan and Israel must be included. This power will bring peace prosperity and development in the entire world.
9. What is target of Local ,Social Security ?  
In chapter of 'Shanti Parv' of Mahabharat (The Great Epic Of India), before dying Bhishm Pitamah said to Yudhishtir that how the king must work to control and develop the country is a successful way. He said to Yudhishtir that before 12000 years, (before Veda's were written), what kind of ideal situation and rule was there in the world. He explained in the following shlok :-

“न राज्यम् न राजाऽऽसीत्, न दण्डयो न च दण्डिकः”

अर्थात् तब कोई राजा न था, क्योंकि तब कोई राज्य(देश, प्रदेश) ही नहीं था!!  
तब कोई कानून भी नहीं था, क्योंकि तब कोई अपराधी ही नहीं था

It means that at that time there was no king  
because there were no Countries and Borders .  
And then there were no laws, lawyers and courts ,  
because there were no culprits or bad people.

“धर्मो रक्षति रक्षितः”

अर्थात् अपने-अपने धर्म का पालन करते हुए प्रजा के लोग  
एक दूसरे की रक्षा करते थे।

It means that people lived as per their  
own religion and righteous dharam and  
helped and secured each other.

The meaning of “Dharma” is the natural acts or natural ways i.e. “Eternal Laws of Cosmos.”

10. How to get this target ?

Local Security Guards in , Villages , Mohallas and colonies(RWA) be chosen from , (such boys and girls of colony who are between 16 years to 25 years of age and who are unemployed). They are familiar and recognize all citizens in the colony and who were born and brought up in the same Mohalla, village, colony. These local youths know bad elements in their colony and bad elements who are not of the colony. Police should train such youth.

Local richman ,Capitalists, shopkeeper, businessman, Industrialist and Government must pay them salary and other facilities. This work or responsibilities of creating local security guards must be handed over to old man and woman ,who must have the following feelings:-

“न त्वं कामये राज्यम्, न मोक्षम्, न पुनर्भवम्”

अर्थात् मुझे राज्य, मोक्ष (मुक्ति) या अच्छे पुनर्जन्म की इच्छा नहीं है।

It means that I am not desiring ,Kingdoms,  
Moksh (Liberation) or good rebirth.

“कामये दुःखः तापानाम्, प्राणिमार्तिनाशनम्”

अर्थात् मेरी केवल यही इच्छा है कि इस ब्रह्माण्ड में सभी प्राणियों के सभी दुखों का नाश हो।
